INVESTING IN KC

GREEN INFRASTRUCTURE
Middle Blue River Basin Green Solutions Pilot Project

PROJECT AREA

KANSAS CITY SERVICES
KC WATER SERVICES
OVERFLOW CONTROL PROGRAM

KC
GREEN INFRASTRUCTURE
Middle Blue River Basin Green Solutions Pilot Project

WHAT?
• Green Infrastructure design work completed in your neighborhood.

WHY?
• Focuse on use of Green Infrastructure to provide distributed storage for a 100-acre area of the Marlborough neighborhood.
• Reduce risk and frequency of combined sewer overflows and basement backups during smaller but more frequent rain events.
• Evaluate alternatives for achieving program objectives for future overflow control program projects.

WHEN?
• Completed November 2012

WHO?
• Kansas City Water Services assisted by URS Corporation (Design Professional) and Mega Industries (Contractor).

WHERE?
The project area boundaries:
• Northern boundary - 73rd Street
• Southern boundary - 77th Street
• Eastern boundary - Holmes Road
• Western boundary - Paseo Boulevard

IMPROVEMENTS?
• Stormwater improvements including: rain gardens, bioretention, porous pavement sidewalk, permeable paver sidewalks.

WHAT TO EXPECT?
• Field crews may be seen on occasion performing monitoring activities and taking pictures.
• Landscaping contractors will maintain improvements through November 2015.

QUESTIONS?
Specific questions about this project can be directed to:
