FORCE MAIN RE-ESTABLISHMENT

Round Grove Basin Force Main Project

WHAT?
• Rehabilitation of an abandoned 24-inch force main.

WHY?
• Increase pump station capacity.
• Improve extra wet weather capacity.

WHEN?
• Completed January 2013

WHO?
• Kansas City Water Services assisted by Pyramid Excavation (Contractor).

WHERE?
• Runs from the Round Grove Pump Station to the Blue River Interceptor Sewer

IMPROVEMENTS?
• Re-established 3,325 linear feet of previously abandoned pipe.

WHAT TO EXPECT?
• Field crews may be seen on occasion performing monitoring and maintenance activities.
